Plant Culture Nursery Directions:

We are situated on two farms across the road from one another. Our primary location and office is off Vlaeberg Road on the farm Goedgeloef. Our secondary location, only a growing area is on the R310 on Secomet Park, the old WPK rosarium.

Coming out from Cape Town, take the R310 turn off, heading in Stellenbosch direction. After passing Meerlust Winery with its dams and windmill in the dam take the next tar road to your left, about 2km, Vlaeberg Road. Pass a small nursery, cross over a railway line and drive for 100m. Turn off to our driveway to right, see sign board Plant Culture. Go up driveway to end about 200m, see intercom buzzer. Push the buzzer and someone will open for you within 2 minutes.
